Why You Should Consider the University of Central Missouri:

UCM truly has something for everyone. Whether it's the variety of degree programs to choose from, the competitive athletic teams, or one of the 200+ student organizations offered, UCM has it all. (Not to mention the awesome faculty and staff.) I've never had the privilege of working with such wonderful people as I have at UCM. You can tell UCM's faculty and staff genuinely care about the success of their students and will do anything in their power to help you get to where you want to be.

Favorite Place on Campus:

My favorite place on campus would be the Student Recreation and Wellness Center. The Rec has so much to offer! There are numerous rooms for aerobics, weight lifting, kickboxing, basketball courts, a walking track, and the rock wall. It even offers fitness classes such as yoga, spin, Zumba, and more! The Rec was the perfect place for me to hang out between classes, whether it was to get in a quick workout or to grab a coffee and bagel from Einstein's.

Why I Chose UCM:

I came to UCM because I was looking for a school that was big enough to allow me to get involved with student organizations and attend sporting events, but I also wanted a college small enough that I wasn't sitting in a class with more than 300 students. UCM was the perfect blend. You will have plenty of hands-on learning experiences with your professors without the distractions of the larger class sizes. UCM has the amenities of the big universities with the small town benefits. Plus, UCM was just right down the road from my hometown, so it was a perfect fit!

I Wish I Had Known:

I wish I had known how many student organizations and clubs there are to get involved in. Looking back, the only thing I wish I had done differently would be to be more involved!
